

COLLEGE OF AGRICULTURAL,
ENVIRONMENTAL AND NATURAL SCIENCES
Department of Agricultural and Environmental Sciences

Dear Colleague:

This is a reminder to request the submission of a "Success Story" for the 69th Annual Professional Agricultural Workers Conference (PAWC) to be held December 4-6, 2011 at Tuskegee University, Tuskegee, Alabama. The theme for this year's conference is "Empowering Underserved Farmers and Rural Communities Through Effective Farm Bill Legislation, USDA Program Delivery and New Market Opportunities and Partnerships".

"Success Stories" are intended to provide conference participants with the opportunity to hear about new ideas from community projects that have proven successful in areas addressing the plight of the rural disadvantaged and reflect the theme of the conference. In addition to the abstract of each "Success story" being published in the proceedings, three "Success Stories" will be singled out for presentation at the L.A. Potts Luncheon on Monday, December 5th.

Please complete and return the L.A. Potts "Success Stories" form to Dr. Robert Zabawa, PAWC Program Committee, by October 15, 2011. All applications should be sent on-line to pawc@mytu.tuskegee.edu. Also, please drop an email to zabawar@mytu.tuskegee.edu so that we know you have received this letter.

Sincerely,

Walter A. Hill, Chairman
